MEMORANDUM FOR: ✓ Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science & Technology
Deputy Director for Support
Director of National Estimates
General Counsel
Legislative Counsel

SUBJECT : Interview Program of Headquarters Personnel

1. I propose to run an interview study of headquarters personnel similar to the Returnee Interview Program. The latter has yielded information about experiences and attitudes of personnel who have served overseas. Interviews with personnel in headquarters should help to round out a picture of employee reactions to careers in the Agency.

2. The study will initially draw upon personnel in headquarters who joined the Agency in 1961. Each individual contacted will be told the purpose of the interview. The total number available will be substantially reduced by excluding components which have recently been or are currently being inspected by my office. This population should suit our purpose because it is presumably young enough to possess career mobility and at the same time to have had sufficient Agency experience to form some judgments.
